

Imaginx branded product only from Think Ink Solutions

Wide format water based inks

We have solutions available for a range of printers: **Agfa, Epson Hewlett Packard, Océ, Mimaki, Mutoh and Roland.**

All inks are supplied in OEM equivalent packaging including matching chips for easy plug and print installation without a need for a technician, so no printer down-time.

Imaginx are designed to be used with no need to flush or spend costly time re profiling.

You can use directly on top of the OEM ink and replace cartridges individually or replace the complete set of Imaginx inks.

We also supply in bottles for those customers that prefer bulk.

Who we are

About Us

Think Ink Solutions is a UK based company offering a variety of products for many ink jet applications. From **Eco Solvent to Hard Solvent, Grand Format, Textile, Postal, UV, Coding & Marking** and **water based inks** we have a comprehensive range of products.

Our experienced development team are able to offer custom ink formulations for the Graphics and Industrial markets.

Think Ink Solutions Ltd has broadened the range of services to include a **Blending and Toll manufacturing service** for a wide range of solutions such as solvent based blends, 100% solid and standard aqueous products.
